

Ms O Salon Quick Facts

1. 1 out of 4 Black women experience hair loss.
2. The top ten reasons for dermatologist visits by African-Americans is Alopecia. "It was reason No.7 to see a dermatologist" according the research findings (Doheny). The top reasons for female hair loss, hair thinning and alopecia are hormones, vitamin deficiency, stress, birth control, medications, auto-immune conditions and chemical damage.
3. Ms O is a Maryland based, celebrity stylist, hair weave expert, and salon owner of MS O SALON in Lanham, Maryland. For more than 25 years, she has been a traveling stylist to the stars and built a client list full of celebrities (50 Cent, VH1's Love & Hip Hop Reality TV show star Rasheeda Frost, Sports Illustrated Model Julie P Henderson...) while creating glamour hairstyles on the sets of music videos, television and film, magazine shoots, advertising campaigns, and more nationwide. Her styles and hair weave technique have also earned her five Golden Scissors Awards. Her salon is the provider of quality natural hair weaves services for Black women in the DC, Maryland, Virginia area for over ten years. She attended Dudley's Beauty school, where she obtained her cosmetology license.
4. MS O has helped thousands of women regain a hairline and confidence with her hairline rebuilding weave technique at my salon.
5. Ms O wants teach her technique to other stylist because she wants to rebuild the confidence and hairline of women suffering from hair loss, hair thinning and alopecia one stylist at a time in the D.C. Maryland, Virginia community. It is important to her to share her gift and knowledge and give back to the community.
6. This hairline rebuilding weave technique will build the confidence fo women. Howard University students released a video and published an article on how weave makes young women feel. Their data revealed that weave gives women more confidence in themselves that women without it don't have. It is a different type of confidence, some say
7. When it comes to the natural hair vs. weaves, every Black woman has her own hair preference. It is their choice. One option is not better than the other.
8. The Hairline Rebuilding Weave technique promotes hair growth. All of Ms O Salon's weave clients have seen extreme hair growth and hair thickness of their real hair under the weave.

9. The weave does not cause hair loss when the weave is installed properly and the real hair underneath is kept.
10. The hairline-rebuilding weave technique is the answer because the service is quick and affordable. It gives the women the confidence and hair loss they lost.
